Come increase the health and vitality of youself and your patients!

TBM Alive! is TBM’s annual homecoming, personal healing, and research 5-day event. Come and hear TBM’s brightest stars, get worked on by them and share your own innovations. TBM Alive! is an open forum where everyone gets to share how they are using TBM and what new techniques they have developed. There is plenty of time to work on one another, getting experienced TBM practitioners to help you get to the root of any unresolved health issues. Attracting practitioners from around the globe, TBM Alive!, is where you get to feel just how much TBM is a global family of practitioners working together to make the difference needed in the lives of those in need.

You will leave with a deeper understanding of TBM, able to achieve new heights as a healer, having experienced personal healing, made many new friends from around the globe, feeling recharged and revitalized to face the challenges of your practice and patients and feel the support of being part of a unified global family.

We have a new requirement for all those who will be attending the Alive! conference...EVERYONE MUST PRESENT! It doesn’t have to be much, it can be as little as 5 min or as long as 20, but we are all there to give to one another. That is what keeps TBM alive, it’s what keeps us alive and it will make for a much more dynamic and interesting experience than if only a portion of us present. So, come prepared to get a little out of your comfort zone! We recommend either getting us your presentation notes no later than Wednesday May 1st or bring 35 copies (3-hole punched, 2-sided, letter size) with you.

Take a bold step in support of yourself, your practice and humankind by registering for TBM Alive! today!

Register by Thursday 27 February to receive the $75 early-bird discount
