

MELBOURNE AUSTRALIA

MODULE 2

BASIC STRUCTURAL, ALLERGY, ENERGY, EMOTIONS, LEARNING, IMMUNOLOGICAL EXAMS & MORE

EXPAND YOUR HEALING POTENTIAL

In Total Body Modification's Module 2, we complete the TBM Basics, teaching you TBM's renowned harmonization sequence for allergy, pathogen, toxin and emotion vials. You will also learn over 200 kinesiologically-based emotional techniques, including the Emotional Erases. These techniques eliminate the emotional "scar tissue" that produce dysfunction within the body and in the patients/clients life as a whole. We will teach you over 50 additional Body Points, our Learning Enhancement techniques and TBM's Energy Circuit tests and corrections. We will also show you

many things you can do with the Module 1 Body Points. This includes eliminating joint pain, improving nutrient utilization and breaking the cycle of multi-organ dysfunction. We introduce you to "Mending," a procedure that enables you to quickly discover your patients/clients unique healing code.

Module 2 will prepare you to work more effectively with patients/clients who are struggling with allergies, food and chemical sensitivities, reproductive and urinary issues, chronic pain, learning disabilities

and deep-seated emotional issues. We will have ample time for work shopping the techniques you'll learn, get questions answered and leave with confidence in your ability to reproduce the results on your own.
